### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	In the method section, it would be more meaningful to classify the total cost as fixed cost and variable cost. Symbols used in tables should be explained with footnotes (K-Pa, R-Pa, R-Pu). In addition, information about the values in parentheses should be given. The data in all tables should be explained in more detail. In Table 7, a row should be added, showing the total of the costs, where the total income is given. In the conclusion part, the purpose, importance and scope of the study should be mentioned briefly, and details should be given, and also suggestions should be made. References should be reviewed. The places I painted yellow should be reviewed.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
