PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none">1. Number of literature reviews have been given in introduction part. Author has to separate it and give under the special subtitle. And also develop the introduction part with sufficient background, problems and end with objectives.2. Values and percentage for values have been given as separate tables which increases the number of table unnecessary. I recommend to merge it in a single table and shorten the data presentation to easiest understanding.3. Abbreviations is not given clearly. Author has to check and give them when interpret firstly in the sentence forming.4. Awareness report of the farmers is lacking in this study as a statistical table.	
Optional/General comments	<ol style="list-style-type: none">1. Author has taken congratulatory work and specified the topic which most important to know the production cost and to identify the problems of farmers regarding MSP.
