

Editor's Comment:

The manuscript is almost readied for publication acceptance, except for the following corrections:

1. Duplicated keywords (same as in the paper title) should be re-chosen.
2. Please use "and" instead of "&" throughout the entire text.
3. A typing error: "(Waswa et a., 2009)".
4. Numbering of equations may be changed to either "(1)" or "[1]".
5. What is "dx/dy" and "X" in Table 6?
6. Check for alphabetically ordered reference listing.
7. A thorough proof-check and English language check is highly recommended.
