

Editor's Comment:

The revised manuscript still needs to correct the following flaws prior to be accepted for publication:

1. Some keywords duplicate the same as in the paper title. Other selections should be re-chosen.
2. All the tables and figures must be referred to in the text.
3. In Table 3, why not use "Mid-age" instead of "Middle".
4. Typing error, "Sahuet al." should be "Sahuet et al." instead.
5. Figure caption should be at the bottom of the figure.
6. There are two(2) Figure 1. Besides, The figure title "Fig.1 Yield" is not proper. What yield?
7. In the conclusion section, "acre" should be changed to "hectare".
8. Many punctuation errors have been detected in the reference listing.

Some spacing errors have also been noticed. Therefore, both a thorough proof-check and English check is needed.
