<b>Compulsory</b> REVISION comments	<p>Please compare this abstract with your abstract and correct it.</p> <p>The aim of the study is to evaluate the effects of globalization and small arms proliferation on Nigeria's Economic Development. The method adopted in this study is content analysis with the use of secondary data. The result of the study shows that globalization has increased the high rate of crimes in society such as an increase in Boko Haram, kidnapping, Proliferation of Militant groups, etc. The study concluded that globalization has really created room for the uncontrolled manner in which small arms and light weapons diffused into different parts of the country, after inducing a market-friendly environment for them. This study recommends that the Nigerian government should endeavor to enlist the support of its citizens in the fight against the small arms and light weapons proliferation in the country by incentivizing anyone that provides reasonable information to security agents on the spread.</p> <p>The article needs to present the model introduced in the text Based on the model, at least questions and hypothesis or hypotheses should be raised Resources need to be greatly strengthened. Conclusions and suggestions must have a research basis There are no research limitations.</p> <p><b>Grammar mistakes should be correct.</b></p>
