PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none">1. Not all citations in the bibliography are cited in the text. It is necessary to cite all citations in the bibliography in the text and vice versa.2. The methodological framework could be more detailed - future work with data could be described, what characteristics and how they will be ascertained (within descriptive statistics, etc.). It is also not clear what software was used for the calculations.3. The information in Table 6 is sometimes truncated on the right, you would like to modify the objects so that the last column is readable.	
Optional/General comments	Consider using hypotheses for research as well - you are testing statistically relevant matters, so it would be useful to add hypotheses that you will verify or refute in the set way.	

PART 2:
