General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajess.com/index.php/AJESS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	<p>Consider changing some of the colloquial language to be more scholarly and ensure citation formatting is consistent throughout. Example: College Graduate Tracer Studies (GTS) is commonly getting to be a recognizable practice around the world (Badiru and Wahome, 2016). Superfluous language that does not add to the meaning, should be removed.</p> <p>Should be: College Graduate Tracer Studies (GTS) is a recognizable practice around the world (Badiru & Wahome, 2016).</p> <p>Qualitative research is a methodology, not a design. What type of research design did you use? Descriptive statistics is not a research design. Demographic information can be used to discuss the descriptive statistics, but you need actual inferential statistics to run a quantitative study. All of your statistics are descriptive, which is fine, but you need to make sure you explain that you conducted a univariate analysis.</p>	
<u>Optional/General</u> comments
