Manuscript Number:	Ms_AJFAR_91136
Title of the Manuscript:	Evaluation of Different Protein Blends on Growth Performance, Nutrient Utilization and Carcass Composition of Nile tilapia ( <i>Oreochromis niloticus</i> ) Fingerlings
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajfar.com/index.php/AJFAR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	I have included most comments on the document which is being enclosed for cross refencing. 1)There is a major omission on how diet was formulated; standard steps were not followed. I have outlined this in the document. 2) There is a major discrepancy between initial weights given in the experiment design and those shown in Table, 3.0g vs 27-31g. It is not comparing like to like. 3) Valid conclusions cannot be drawn based on these findings, though on the surface they appear interesting.	
<b>Minor</b> REVISION comments	Minor comments are given on the document and can be corrected easily such as style of quotations, etc.	
<b>Optional/General</b> comments	Unless the observations I have made in the major section above are corrected, it should be considered for publication.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
