It has no meaning. (Productionnes to Production). Point 4: Para 2 – Repetitive use of “Hydroxyapatite” should be avoided. Try to form one long sentence. Point 6: Para 4 Line 3 should be avoided completely or add reference to that line of the article that describes in details about the craft use of fish. References are not aligned properly. Point 6: Add more references that specifically state about the accessories as it sounds incomplete or change the representation.
