PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The study was well-designed and focused on an important topic, with valuable results worthy of publication. But as long as both the moisture content and the fat were estimated for the benefit of work and discussion, it was necessary to present both the moisture content and the fat in all stages, as well as clarifying that the results presented in the research are they on the basis of wet weight(WWB) on the basis of dry weight (DWB)?	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
