PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	-The writing style lacks consistency. For instance, spaces between lines, tenses, and quotation marks. -The references need to be more up to date. I suggest adding to more very recent references. -References need to be corrected, and more need to use in-text citations.	
Minor REVISION comments	-The paper has many minor grammar and structure mistakes. I have suggested some corrections in the annotated feedback, but around 180 other mistakes are to be addressed. I suggest that the writer review the paper with a native speaker or use the journal's editorial services.	
Optional/General comments
