PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This study focuses on investigating the grammatical errors of secondary school students' writings in Inland. This study is an interesting as the researcher suggests important recommendations on how to improve writing English texts. The major revisions are as follows: 1. The title in this study must be revised into: Grammatical errors Analysis of secondary school students' writings in Inland 2. This study lacks previous studies, i.e, the researcher did not mention any previous studies concerning the grammatical errors. The previous studies are very important to clarify the gap in this study and to compare the results of this study with other studies. 3. The objectives are not clear and the researcher did not state clearly the objectives according to the results in this study.	
Minor REVISION comments		
Optional/General comments	Overall, the paper is a good except the major notes mentioned above	

PART 2:
