PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The keywords should be arranged alphabetically. Under introduction, some citations were written using superscript, and the square bracket were missing, check carefully and correct accordingly. Moreover, some of the scientific names were not written in italics. Methodology Section: Most of the methods lack citations, and many spelling mistakes were observed in this section, there is a need to correct the spelling mistakes and write the S.I units correctly. Some sentences need to be re-written for better understanding and clarity.	
Minor REVISION comments		
Optional/General comments	I have also made some comments within the manuscript, the author should check carefully and correct accordingly.
