

## Review Form 1.6

Journal Name:	<a href="#">Asian Journal of Biology</a>
Manuscript Number:	Ms_AJOB_90619
Title of the Manuscript:	Effect of Fermentation on Bacteriological and Physicochemical Properties of 'ofada" rice.
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajob.com/index.php/AJOB/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	This paper discusses the effect of fermentation on the occurrence of bacteria and physicochemical properties of ofada rice. The results of the study could be useful for those in the field.  Minor suggestion:  1) The conclusion part in the abstract is too general and does not tell much about the findings of the study. It is suggested that the author can highlight the most important result of the study.  2) Figure 1: It is suggested that the author state the percentage of each microbe.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
