PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The title is informative and relevant, but it sounds not interesting. I suggest rewriting the title to be more interesting.2. In abstract all abbreviation should be explain. Therefore, I suggest explain the "DAT" & "ADT"3. Author should add keyword to the manuscript.4. The data results in Figure 6 is relevant and presented clearly. However, it would be better to provide more analysis and discussing the results from multiple angles.	
Minor REVISION comments	<ol style="list-style-type: none">5. I suggest redrawing figure 3 with high resolution.6. The conclusion answers the aims of the study and is supported by results, but it is missing future work. Therefore, It would be better to inform future research opportunities.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
