

Editor's Comment:

Having regard to the outcomes of the review process, I recommend accepting the manuscript 2022/AJRAF/93219 "Integrated Effect of Vermicompost and Inorganic Fertilizer Rates on Yield and Yield Components of Finger Millet [*Eleusine coracana* (L.) Gaertn.] in Gobu-Sayo District" for publication as an original research article.

I suggest adding the country name (Ethiopia) to the title of. Integrated Effect of Vermicompost and Inorganic Fertilizer Rates on Yield and Yield Components of Finger Millet [*Eleusine coracana* (L.) Gaertn.] in Gobu-Sayo District, Ethiopia.
