

Editor's Comment:

The Reviewers' comments have been correctly addressed by the Authors in the revised version of the manuscript.

Yet, I suggest that the Authors make their statements more clear in the middle of the Abstract by writing :

“ used in this survey were respectively, from 1 h to 11 h, from 3 min to 20 min, from 5 min to 20 min, from 4 min to 20 min and from 5 min to 10 min.”

Once modified this way, the revised version of the manuscript will be considered acceptable for publication in AJRAVS.
