

Review Form 1.6

Journal Name:	Asian Journal of Research in Dermatological Science
Manuscript Number:	Ms_AJRDES_92672
Title of the Manuscript:	NB-UVB phototherapy combined with tacrolimus ointment in vitiligo treatment
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajrdes.com/index.php/AJRDES/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript, and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1-Introduction needs complete revision. it should focus more on different treatment modalities with special focus on tacrolimus/ NB-UVB phototherapy. 2-Discussion needs more elaboration. other studies from the region and world over need to be added. 3-Conclusion is missing. a brief paragraph of conclusion needs to be added.	
Minor REVISION comments	1-The whole introduction has only one reference. authors should increase their references. each paragraph must have more than 1 reference (as the situation demands)	
Optional/General comments	1-The numbering of references should be correct according to the guidelines provided by the journal. e.g., the first reference in introduction should be 1 and so on. 2-Mention acknowledgements.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
