EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>Authors described a significant difference in Chol and LDL between diabetics with or without CKD, which I didn't find in table 1</p> <p>This table only showed differences in age.</p> <p>This is the most important item to clarify by authors.</p> <p>Also, how did the authors define poor metabolic control?</p>	<p>Table 1 gives a broad summary of the characteristics of the study groups. Table 2 described the differences in the prevalence of cholesterol abnormalities in the 2 groups.</p> <p>Poor glycaemic control has been defined and added to the section</p>
