

**Editor's Comment:**

1. TITLE - Good.
2. ABSTRACT - Good
3. KEYWORD - Good, but punctuation marks should be corrected.
- INTRODUCTION –Suggestions/improvements on the Avoid making points in the background
4. RESEARCH MATERIALS and METHODS:
  - on data analysis techniques State again more clearly what group is meant. Please explain technically not just theoretical
5. RESULT- In this current state, the level of English throughout your manuscript does not meet the journal's required standard. So, please can you conduct a further proof read.
6. DISCUSSION
  - The first 5 paragraphs are repeated 4 times. please fix
7. REFERENCES : Good
8. There are few grammatical hiccups that would need to be corrected.
9. Spelling mistakes should be corrected.
10. There are some abbreviations which should be spelled out.
