PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	There are many grammatical problems The information is not categorized correctly	
Minor REVISION comments	The conclusion could be more comprehensive	
Optional/General comments	I think - First talk about mitochondria and how it works - How are the functions different? - Then explain what problems the disorders cause - Then solutions to prevent these problems can express the content better	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
