PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>This article sounds original and has so much to contribute to film study in particular and scholarship in general. However, the author may wish to note that the title of this article gives it away to the reader without critically engaging the reader.</p> <p>Research of this magnitude requires a theoretical framework to properly situate it. One of your major predicaments I have discovered in this research is the use of very short paragraphs. The author may wish to recall that paragraphs should consist of many related sentences.</p> <p>The author may wish to see other minor comments from the body of the research. The author may wish to reconstruct the conclusion and allow it appear as conclusion, instead of filling it with all forms of information are not needed at this of the research.</p>	
Minor REVISION comments	The author may wish to consult his/her work to see the minor revisions I have identified in the work.	
Optional/General comments	The article is interesting, highly engaging and it is capable of changing the face of scholarship in Tanzania in particular and the world in general.
