

Review Form 1.6

Journal Name:	Biotechnology Journal International
Manuscript Number:	Ms_BJI_91355
Title of the Manuscript:	Utilization of Different Cellulosic Wastes for Low-Cost Ethanol Production by Immobilized Yeast Cells
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalbjournal.com/index.php/BJI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">Abstract: Briefly describe the pretreatment process (steam and smoke) given to ethanol as a raw material. Is the process the same for each raw material? For example, in soybean straw or cow dung..Introduction:In this section, it is necessary to write down several studies that are relevant to the topic as material for comparison and strengthening of the results of this study from trusted journals (at least ten articles).Material and Methods:Show photos of each type of raw material and a schematic diagram of the treatment process.Result and Discussion:A more comprehensive discussion of each research result must be written, including mentioning the advantages and disadvantages, comparing each other, and writing down other specific things from each raw material.Reference: All references in the list must be cited in the sentence in the body of the articleLack of grammar	
Minor REVISION comments	There are many error in typos and definitions, it should be fixed Such as: After incubation period of 10 days, samples were distilled at 78.37°C for 2 hrs. or 60 min (2 hours not same with 60 minutes)	
Optional/General comments	Manuscripts must follow the journal template	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
