

Review Form 1.6

Journal Name:	Biotechnology Journal International
Manuscript Number:	Ms_BJI_91355
Title of the Manuscript:	Utilization of Different Cellulosic Wastes for Low-Cost Ethanol Production by Immobilized Yeast Cells
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalbjournal.com/index.php/BJI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1- I suggest changing the title of the manuscript to: Bioethanol production from various lignocellulosic materials by encapsulated <i>Saccharomyces cerevisiae</i> NCIM 3095.2- The author(s) should rephrase the abstract.3- The author(s) should support each paragraph in the introduction section with references. Previous studies and the objective of the current study should be covered.4- The novelty of the current study should be added by the author(s) at the end of the introduction section.5- In the materials and methods section, the degree of purity of all chemicals used should be mentioned.6- Sketch a diagram showing all the steps of the experimental methods.7- Add pH and temperature for incubation.8- The section of results and discussion is weak and needs enhancing.9- Compare the results obtained with previous studies using the same or other pre-treatments of lignocellulosic materials.	
Minor REVISION comments	The language of whole manuscript needs revision .	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
