PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The author(s) is suggested to carefully proofread the whole context and makes the necessary corrections, as indicated in context, to improve the quality of the manuscript. The author should be careful in text representation and language as there are many grammatical errors, page layout and incomplete sentences in this paper.	
Minor REVISION comments	The author(s) is suggested to pay attention to spacing, indention and paragraphing. Attention has to made especially for presenting superscript and subscript. The representation of equations are not cleared (attention has to made especially in numbering the equations, quantity units and for presenting the "x" instead of "x"). As an academic paper, the references in this paper are not comprehensive and appropriate. Authors should pay adequate attention to citation.	
Optional/General comments	On the whole, the writing framework and the content of the paper are not clear enough. The authors should please check and revise carefully the whole context in accordance with journal guidelines.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
