PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript is timely with the concomitant effect of climate on animal agriculture and will impact positively in addressing the challenge of heat stress in dairy cattle.	
Minor REVISION comments	The manuscript was adequately reviewed with just minor adjustments, particularly with the reference section. The author(s) should harmonize the references to meet the journal requirement and style.	
Optional/General comments	The paper would address heat stress problem and ameliorate its attendant effects on milk production and yield.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
