

### **Editor's Comment:**

This revised manuscript is almost readied for publication acceptance. However, the following suggestions may improve its quality:

1. Add "India" in the paper title.
2. Duplicated keyword must be re-chosen.
3. Unify the use of "percent" and "per cent".
4. What is "ToIn ooder" in the last sentence of the methodology section?
5. The last table has not been numbered, captioned and referred to in the text. Is it part of the conclusion or study results?
6. More relevant references are needed (as suggested by one of the reviewers) to justify the content of this paper.
