

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_91612
Title of the Manuscript:	Growth, yield and water use efficiency of sweet sorghum [<i>Sorghum bicolor</i> (L.) Moench] affected by drip irrigation and nitrogen levels through fertigation
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper is an interesting report on the Growth, yield and water use efficiency of sweet sorghum [<i>Sorghum bicolor</i> (L.) Moench] affected by drip irrigation and nitrogen levels through fertigation. Obviously the author has done sufficient work on this topic, and the proposed data collection works well. The data and result illustrates his point of view.	
Minor REVISION comments	Generally speaking logicity of this paper is clear. However the Table and Figure should be closed to text where mentioned.	
Optional/General comments	Manuscript accepted with minor corrections	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
