

Review Form 1.6

| | |
|--------------------------|-----------------------------------------------------------------------------------------|
| Journal Name: | International Journal of Environment and Climate Change |
| Manuscript Number: | Ms_IJECC_91646 |
| Title of the Manuscript: | "EFFECT OF PLANT GROWTH REGULATORS ON PLANT GROWTH, YIELD AND FRUIT QUALITY OF BRINJAL" |
| Type of the Article | Original Research Article |

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Compulsory REVISION comments | Please provide cost of cultivation table for clarifying the final results. Average yield was more in the treatment T9 but in the final result why you suggest T5 is best in terms of plant growth, yield and quality. It is bit confusing about your findings. | |
| Minor REVISION comments | Carefully check the number of treatments in the results and discuss. Some places mentioned treatment is not match with your table | |
| Optional/General comments | After necessary correction it may approve for publications | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|----------------------------------------------|------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Are there ethical issues in this manuscript? | <i>(If yes, Kindly please write down the ethical issues here in details)</i> | |
