

Editor's Comment:

This revised manuscript is almost readied for publication acceptance except for the following corrections:

1. Add "India" to the paper title. Besides, "agromet" is not a common abbreviation. It should be fully spelled out.
2. Duplicated keywords (same as paper title) should be re-chosen. Avoid using abbreviated words.
3. Take good care of all the superscripts and subscripts.
4. Please number all equations listed in the text.
5. The definition for n needs not to have "(n)" towards the end.
6. Unify the use of "X" and "*".

Some references have not been alphabetically arranged in the listing.
