

Editor's Comment:

The revised manuscript is acceptable for publication with the following minor corrections:

1. The abstract is too lengthy. It should be more concise and please avoid using sub-headings.
2. Duplicated keywords (same as in the paper title) should be re-chosen.
3. What is "SSR"? Please spell out this abbreviation when first appear.
4. In the first equation, the left-and-side of the "=" sign is missing. Please number this equation, even though there is not one in the text.
5. Some spacing errors have been detected. Therefore, a thorough proof-check is necessary.
