

Review Form 1.6

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_92389
Title of the Manuscript:	Genetic variability and interrelationship in maize (Zea mays L.) genotypes for grain yield and yield component characters
Type of the Article	Normal research paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The research paper is to be minor revision based on the suggestions made in the paper. The references should be made recent ones and the old ones can be deleted. The inferences drawn in this experiment should be still elaborated for their significance in breeding project of maize	
Optional/General comments	Add following references Begum S, Ahmed A, Omy SH, Rohman MM, Amiruzzaman M. Genetic variability, character association and path analysis in maize (Zea mays L.). Bangladesh Journal of Agricultural Research. 2016 May 9;41(1):173-82. Reddy VR, Jabeen F, Sudarshan MR, Rao AS. Studies on genetic variability, heritability, correlation and path analysis in maize (Zea mays L.) over locations. International Journal of Applied Biology and Pharmaceutical Technology. 2012;4(1):196-9.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
