### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"> <li>Under the election of respondents, author has not written sampling technique and also the most conflict is 'Extension agents who were either a .....' this sentence shows that the author has not properly collected data from the respondents. Because, of author collected data from the respondents, he/she know very well about the category of respondents and also adopted sampling technique to equality sampling technique. Hence, author has to rewrite the part as well. And also mode of approaches need to be given (eg. Mail, phone call, direct approach, video call etc...)</li> </ol>	
<b>Minor</b> REVISION comments	<ol style="list-style-type: none"> <li>Author need to modify the first sentence in introduction and also 5th line starts 'Despite of availing good number.....' to make clarity.</li> <li>Author has to check whether all the abbreviations properly explained or not?. And also a reminder to author is that the explanation to the abbreviations should be given before the abbreviations.</li> <li>Under the tools and techniques, author need to give the factors in Pair-wise comparisons.</li> </ol>	
<b>Optional/General</b> comments	<ol style="list-style-type: none"> <li>Author has taken a congratulatory work which is most important in the modern world.</li> <li>The analytical part and given factors are need to be appreciated.</li> </ol>	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
