General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Title - ok Abstract - the first sentence is loose from the text and the research objective is missing. Introduction - the text must be written in paragraphs and at the end put the objective of the research. Materials and Methods - I suggest dividing the text into paragraphs for better understanding. Results and discussion - ok Conclusion - ok References - check if the references were cited in the text, because I couldn't find them.	
Optional/General comments	I suggest reviewing the journal's publication guidelines.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
