Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>A lot of issues related to words, sentences, punctuation etc.</p> <p>What do you mean with 'rapeseed-mustard' or 'rapeseed and mustard is one of the most...' – those are two different crops.</p> <p>You have different layouts – the first 5 pages are portrait, pages 6-15 are landscape, while pages 16-20 are copied (probably from a thesis). The last pages even have a footer ('Bibliography') and page number from 40 to 44!</p> <p>Maybe this is why almost none of the papers mentioned in "References" aren't cited in the article!!!!</p> <p>Tables titles are in text box... replace this.</p> <p>In my opinion, in order to be published, the submitted paper should be fully checked and corrected.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
