

## Review Form 1.6

Journal Name:	<a href="#">International Journal of Medical and Pharmaceutical Case Reports</a>
Manuscript Number:	Ms_IJMPCR_92589
Title of the Manuscript:	ROLE OF ANTI SNAKE VENOM IN SNAKE BITE IN THIRD TRIMESTER OF PREGNANCY
Type of the Article	Case study

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijmpcr.com/index.php/IJMPCR/editorial-policy> )

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"><li>1. If such case happens, you have to confirm that it is snake bite!</li><li>2. This report will be more important if the snake was seen, catch and its venom collected for further investigation.</li><li>3. Even if the snake escaped, its geographical location profile is important!</li><li>4. It is important to detect some special antibodies in the victim's serum that bind to the toxic components of the venom of that unknown specific snake.</li></ol>	
<b>Minor</b> REVISION comments	<ol style="list-style-type: none"><li>1. Correct the units, e.g., mm Hg not mm hg, or cells/mm<sup>3</sup> (cells per millimetre cube) not cells/mm cube, unit of currency used? , and others.</li><li>2. Start with capital letters after full stop in each case and correct the write-up and grammar where necessary.</li><li>3. Tabulate your laboratory data for easier identification.</li></ol>	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
