

Review Form 1.6

Journal Name:	International Journal of Pathogen Research
Manuscript Number:	Ms_IJPR_90867
Title of the Manuscript:	Seroprevalence and Associated Risk factor of Cattle Brucellosis in Al Gadarif state – Eastern Sudan
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajravs.com/index.php/AJRAVS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	the content of the article corresponds perfectly to the studied theme; Seroprevalence and Associated Risk factor of Cattle Brucellosis , and it's a very interesting subject about livestock-to-human transmission of the disease development, and the brucellosis is classified as second kind of animal diseases by the World Organization for Animal Health, the part of determination of mathematical model for brucellosis controls is developed, but I think it would have been better to develop more the part of livestock-to-human transmission of the disease development	
Minor REVISION comments	some bibliographic references are not recent	
Optional/General comments	Nothing	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
