

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_89202
Title of the Manuscript:	GROWTH RESPONSE AND PRODUCTION OF RED AND GREEN OKRA PLANT EFFECT OF ORGANIC FERTILIZER
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Nothing	
Minor REVISION comments	Nothing	
Optional/General comments	<ul style="list-style-type: none">- The idea manuscript is good and worth for studying.- Today, the use of organic fertilizers especially the compost has become one of the important research that essential work of the world, as it produces food free of heavy elements contained in chemical fertilizers.- The use of compost also increased the agricultural efficiency of green okra and red okra with increasing doses of compost. The efficiency of nitrogen extraction from green okra and red okra also increased with the increase in compost doses. Also, the physiological efficiency of nitrogen for green okra and red okra increased with the increase in compost doses.- The way the results are presented and discussions is clear.- The conclusion is clear, with reasons specified.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
