### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy> )

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	The abstract, introduction, materials and methods, results, discussion and conclusion of the article was clearly written and readily understood. The collected data were thoroughly analysed, well presented in table. Comparisons with other relevant findings from various references were also demonstrated in this article. But the references are up-to date. Only 37% of the references used are in the years 2011-2022.	
<b>Optional/General</b> comments	Generally, the manuscript can be accepted after subjected for some minor revision before it can be published in a reputable scientific journal.	

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
