

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_91674
Title of the Manuscript:	Effect of Long Term Fertilization Practices on Tembotrione Movement in Soil: Assessment by Plant Bioassay
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper is great. The document is well structured; just Figure 2 must be adjusted in the text.	
Minor REVISION comments	Effect of Long Term Fertilization Practices on Tembotrione Movement in Soil: Assessment by Plant Bioassay The study showed that the plant bioassay technique using green gram and sunflower could be very well used to investigate the transport behavior of Tembotrione in soil.	
Optional/General comments	Yes, the paper is great.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
