

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_91763
Title of the Manuscript:	Effect of Drip Fertigation Levels on Soil Fertility and Productivity of Cauliflower cv. PSBK- 1
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Abstract should be reworked to capture important finds Introduction is very shallow, need to be reworked seriously Materials and methodology The authors need to separated important sections as shown in the manuscript with red colour track changes Section of study area, need important information like location in terms of map and or coordinates, altitude, climatic conditions. Authors should include the protocol/procedures used in collecting soils and crop growth and yield data Results some of results are not presented eg plant nutrient uptake References are old, please use current reference. Use the proper intext citation style,, this journal use numbers in text which are put in bracket. Check if all cited reference appears in reference list.	
Minor REVISION comments	Soil sampling protocol/producers should be added in respective section	
Optional/General comments	The manuscript need major correction so that can be improved	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
