PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1- All information in the article must be from a reliable source, and all references used must be mentioned. 2- You have to write a paragraph in the introduction that contains the most important information about Beauveria bassiana and neem oil as an introduction and their effective role in insecticides resistance. 3- Should be replaced introduction reference Smith et al.,(1797); Capinera et al., 2008 because it is very old. 4- You have to put a reference to any method you used it. 5- (Kunkel et al.,1999). This reference is not in the reference list. It must be added. Or replace it with another modern reference because it is very old. 6- A group of recent scientific studies should be added to the discussion that confirm and support the results of this research. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1- Add some of words to the keywords such as (Beauveria bassiana, Neem oil). 2- It is preferable to add some studies that supports the conclusion reached by this study. 3- All references used in the body of the research must be added to the reference list. 4- Add some figures that helps the study. 	
Optional/General comments	<ol style="list-style-type: none"> 1- It is recommended to add some other keywords. 2- Updating the used references and replacing the old references with new ones. 3- It is better to use figures for clarification. 	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
