

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_92038
Title of the Manuscript:	Effect of plant growth promoting rhizobacteria on the crop growth and yield of foxtail millet (<i>Setaria italica</i> L. Beauv)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Authors should check the spelling. Several phrases and words throughout the text need editing -This study is poor in scientific contents. Please, you should add more scientific determinations about this subject. -All methods without reference, e.g. Isolation and purification of bacteria, Molecular identification of bacteria...etc. -Please provide the electrophoresis figures in the results section. -The "Conclusion" section should be enlarged by including specific results and conclusions drawn from them, not only the general conclusion of the manuscript.	
Minor REVISION comments	-Mention the issue number in addition to the number of page and volume of journals in references.e.g.Ref.2 and 3 ..etc. -Replace the references of older years with the reference of latest years. -The Latin name must be written with italic. e.g.Ref.30 <i>Bacillus subtilis</i> ...etc.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
