

Editor's Comment:

The reviewers made important recommendations for improving the paper.

Consequently, I recommend accepting the paper for publication only after improving the current references,

The authors must add at least 10 specialized references, both to the introductory part and to the discussion of the results. References must be from the last 5 years.

Editor's Details:

Dr. Rusu Teodor

Professor, University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca, Romania.
