

Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_92688
Title of the Manuscript:	Combining ability analysis for fruit yield in bottle gourd [Lagenaria siceraria (Mol.) Standl.]
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Under the INTRODUCTION part of the paper ;the author has to read again and modify easily with the correct grammar format If the journal paper format allows us to include some words or phrases, please add the listed abbreviations on or the end of the manuscript separately. If the manuscript can address further sub-objectives, the author has the right to add extra objective(s) If possible the author can add extra information under the introduction part regardless of the source and the obtained information is pertinent to the submitted manuscript. The author should incorporate latest citation under the literature part of the manuscript and then list in the reference part	
Minor REVISION comments	If possible try to incorporate the type and version of statistical software the author used to analyse the collected phenology and agronomic data	
Optional/General comments	May be for the future study (If you plan to conduct other study around combining ability analysis try to incorporate the significance and scope of the study with supportive data. If possible,the author can add the diagrammatic sketch of the diallel cross as appendix	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
