PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The summary section is like the material method section. In the abstract section, the background of the study, the purpose, the material method, the findings and the conclusion of the study, that is, the conclusion reached should be stated. Pay attention to abbreviations. When you use the abbreviation in the text for the first time, use the abbreviations together with the long version, and then always use the abbreviations. The study should be summarized and have a conclusion that expresses its purpose, findings, recommendations and conclusions. The placement of figures and tables should be emphasized in the text.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
