General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalijr2h.com/index.php/IJR2H/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The abstract briefly notes: the subject, topic and goal of the study; the method(s) or methodology for conducting the research; the results of the research; conclusions and area of the results of the research.2. Check the captions of all figures and tables and their corresponding references in the text of the article. For example, there is no reference to Table 1. There isn't figure showing the conflict between self-renewal versus and differentiation, although there is a reference to it in the text.3. Make uniform signatures for figures and tables. It is better to place the figure in the text after the first reference to it.4. Make list of the references according to the requirements. It is necessary to note the direction of further research.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
