**Review Form 1.6**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ul style="list-style-type: none"> <li>➤ The research shows in a simple way the outcome of a swab taken from a pregnant woman.</li> <li>➤ The study has its own qualities and certain shortcomings. However, the outcome of the newborns, whether they had complications, is missing.</li> <li>➤ Introduction:</li> <li>➤ remove the first sentence, find a better form of the first sentence. reformulate.</li> <li>➤ reference 7. to reformulate and find the incidence in a couple of countries, one reference that talks about the consequences of infection in a newborn is not enough.</li> <li>➤ Methods:</li> <li>➤ List the pregnant women who did not enter the study, that is, the criteria for exclusion and inclusion in the study.</li> <li>➤ The results:</li> <li>➤ In the tables, indicate the mode of delivery, associated pathological conditions (if any, such as diabetes), also prenatal history (smoking during pregnancy, artificial insemination).</li> <li>➤ Complications in childbirth, temperature, bleeding.</li> <li>➤ Discussion and conclusion:</li> <li>➤ To discuss the use of medicines and the outcome of such a pregnancy. Comment on the short comings of your own study.</li> </ul>	
<b>Minor</b> REVISION comments	<ul style="list-style-type: none"> <li>➤ Adapt the conclusion to the results, i.e. do not mention newborns, if they are not included in the results.</li> </ul>	
<b>Optional/General</b> comments		

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
