

Review Form 1.6

Journal Name:	International Journal of TROPICAL DISEASE & Health
Manuscript Number:	Ms_IJTDH_92883
Title of the Manuscript:	The prevalence of malaria parasites and malaria vectors in Adenta-Barrier
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijtdh.com/index.php/IJTDH/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Authors need to cite references serially from the introduction and the main body as [1] or [2-4] or [5,6], etc, and should use that to arrange the references as well. Also, authors should not cite references in superscripts form i.e. neither ^[1] nor ^[2-4] nor ^[5,6] but in this format [1] or [2-4] or [5,6]. Based on this point, I direct the following papers to be considered in the introduction for more illustrations:</p> <ul style="list-style-type: none"> • Global Stability of <i>SEIR-SEI</i> Model of Malaria Transmission, <i>Adv. Math. Sci. Journal</i>, 9(8) (2020), 5305–5317. • Optimal Control on a Mathematical Model of Malaria, <i>U.P.B. Sci. Bull., Series A</i>, 82(3) (2020), 177–190. • Application of Adomian Decomposition Method on a Mathematical Model Of Malaria, <i>Adv. Math. Sci. Journal</i>, 9(1) (2020), 417–435. doi:10.37418/amsj.9.1.33 • Differential Transform Method for Solving Mathematical Model of <i>SEIR</i> and <i>SEI</i> Spread of Malaria, <i>International Journal of Sciences: Basic and Applied Research</i>, 40(1) (2018), 197–219. 	
Minor REVISION comments	Authors need to proofread this paper to correct the typographical errors and mistakes.	
Optional/General comments	This paper may be accepted after the compulsory and minor revisions have been addressed.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
