General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijtdh.com/index.php/IJTDH/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Regarding introduction: the authors should not the results of previous researches in the introduction.</p> <p>They should write the impact of this helminth's infection on the health of patient and economy of the country and should monitor them.</p> <p>The methodology is very primitive just stool examination.</p> <p>The authors should monitor the infected patient clinically and explore if they are manifested clinically or not.</p> <p>The results: the authors showed the results in a confusing form (table 1,2, 3, 4).</p> <p>The comments of the tables should be summarized and write only the important points.</p> <p>Discussion: It is too long and was written in a wrong way. The authors mentioned the numbers of previous without any need or explanation. They should mention that the others are higher or lower with explanation.</p> <p>The discussion should be rewrite again.</p> <p>It should be written in the form of paragraphs.</p>	
Minor REVISION comments	The sentences are long but the English language is good.	
Optional/General comments
